

PREMIUM BIRD FOOD

WELCOME TO HAPPY WINGS

Happy Wings Bird Food was founded by ASA Agrotech with aim to provide the perfect blend of nutrition and taste to our avian friends.

We at Happy Wings, understand the different species of birds and their dietary needs. To safeguard this beautiful creation of nature, we have embarked on a journey to provide the perfect nutritional feed for them. With an aim to provide a balanced diet that supports their health and growth, Happy Wings offers a specifically formulated nourishing feed that contains a perfect blend of fruits, grains, and seeds. Our unique range of nutritive blends aims to fulfil the dietary needs of every bird.

We operate from a world-class facility certified by BRCGS for food safety, SMETA SEDEX for ethical and responsible sourcing and USDA for heat treatment of Nyjer/Thistle Seed in Nagpur, INDIA.

OUR VISION

We are committed to adding happiness to the lives of our avian friends by continuously improving and working towards providing the best quality feeding solutions. We aim to protect and enhance the habitat around them by employing sustainable manufacturing methods and reducing the carbon footprints.

OUR MISSION

We aim to understand the nutritional requirements of every bird and offer dietary feed that provides them with the perfect blend of nourishment and taste.

A promise of purity, a promise of nutritive goodness...
